CHAIRMAN'S STATEMENT

Dear valued Shareholders and Stakeholders,

On behalf of the Board of Directors, I hereby present to you our Annual Report for the financial year ended ("FYE") 31 December 2020.

The Group has recorded a loss for the period totaling RM2.364 million for the financial year ended 31 December 2020. This is mainly attributed to administrative expenses for the year.

In 2017, we sold our core business, Rev Asia Holdings Sdn Bhd to Media Prima Digital Sdn Bhd, a wholly owned subsidiary of Media Prima Berhad. The sale of our entire 70% stake for RM73.5 million cash resulted in a gain of RM54.1 million. The Group subsequently distributed RM59.2 million in cash dividends.

In last year's annual report to the shareholders, we reported that Rev Asia Berhad announced the proposed acquisition of Orissa Wicomm (M) Sdn. Bhd. Subsequently, the proposal was terminated. On 1 September 2020, the Board of Rev Asia Berhad announced that the Company had entered into a sale and purchase agreement to acquire the entire interest in iMedia Asia Sdn Bhd. iMedia is a Malaysia digital media company focusing on content, technology and social influencer marketing. On 22 January 2021, the Company submitted to Bursa Securities Malaysia its application for the Proposed Regularisation Plan together with a listing application for new securities.

We are excited with the prospects of iMedia as iMedia is expected to enjoy the tailwind coming from a permanent and massive digital adoption uplift in terms of business practices and consumer consumption that has been accelerated by the Covid-19 pandemic.

On behalf of the Board, I would like to take this opportunity to extend our appreciation and thanks to all our business associates, the regulatory authorities and shareholders for their continued support.

My personal appreciation goes to my fellow Directors for their commitment, support and invaluable guidance during the year.

Dato' Larry Gan Nyap Liou @ Gan Nyap Liow
Independent Non-Executive Chairman

MANAGEMENT DISCUSSION AND ANALYSIS

REVIEW OF FINANCIAL RESULTS

Rev Asia Berhad is currently classified as a Cash Company pursuant to Rule 8.03 and Guidance Note 2 (“GN2”) of the ACE Marketing Listing Requirements of Bursa Securities. The Company did not operate a core business during the financial year and the Board, together with the Company’s major shareholder, are committed to resolve this GN2 status as soon as possible.

For the current financial year ended 31 December 2020 (“FYE2020”), the Group recorded a loss before tax of RM2.364 million, primarily derived from administration expenses for FYE2020 totalling RM2.366 million. This is partially offset with interest income received of RM0.045 million.

OVERVIEW OF OBJECTIVES AND STRATEGIES

The Board has been actively and continue to be active to seek a resolution to the Company’s GN2 status. On 8 November 2019, the Board announced the proposed acquisition of Orissa Wicomm (M) Sdn Bhd (“Orissa”) along with a proposed fund-raising scheme. The proposal was subsequently terminated in May 2020.

On 1 September 2020, the Company entered into a share sale and purchase agreement to acquire the entire equity interest in iMedia Asia Sdn Bhd. iMedia is a Malaysia digital media company focusing on content, technology and social influencer marketing.

The proposed acquisition is part of the Company’s regularisation plan proposal to Bursa Securities to regularise its GN2 condition to maintain its listing status on the ACE Market of Bursa Securities. The Company’s submitted its application on the proposed Regularisation Plan on 22 January 2021 and the proposal is currently pending Bursa Securities approval.

Our business imperative is to carry out our activities responsibly and with utmost integrity. Our employees are expected to behave in an honest and ethical manner in accordance with our policies, business rules and guidelines.

Whilst the Group does not have any formal Corporate Social Responsibility (“CSR”) activities, the Group does from time to time support numerous organisations and causes, directly or indirectly via sponsorships through our various media assets and coverage networks.

In tandem with the belief that the Group’s greatest asset is its employees, the Group strives to constantly improve the benefits of its employees. The Company has continued to improve the Group’s Human Resources Manual where new or enhanced benefits are introduced for the benefit of its employees from time to time.

The Company is committed to manage diversity, which may result from a range of factors including age, gender, ethnicity, nationality, cultural background or other personal factors, as a means of enhancing the Company’s performance by recognising and utilising contribution of diverse skills and talents from its directors, officers and employees.

The Board will review and update the Diversity Policy from time to time to meet the requirements of the Group, where necessary.

CORPORATE GOVERNANCE OVERVIEW STATEMENT

Rev Asia Berhad (“Rev Asia” or “the Company”) is currently classified as a “Cash Company” pursuant to Rule 8.03 and Guidance Note 2 (“GN2”) of ACE Market Listing Requirements (“ACE Market LR”) as a result of the completion of the Company’s disposal of its core business on 1 August 2017. As part of the proposed regularisation plan (“Proposed Regularisation Plan”), the Company had on 1 September 2020, entered into a share sale agreement (“SSA”) for the acquisition of iMedia Asia Sdn. Bhd. for a total purchase consideration of RM10,000,000 to be satisfied in issuance of new ordinary shares in Rev Asia. The application for the Proposed Regularisation Plan had been submitted to Bursa Malaysia Securities Berhad (“Bursa Securities”) on 22 January 2021 for their approval and is pending approval.

The Board continues to acknowledge the importance of good corporate governance and would commit to ensure the sustainability of the Company’s business and operations through maintaining good governance ethics as promulgated by the Malaysian Code on Corporate Governance 2017 (“MCCG”) and delivering stakeholders’ value.

In making this Corporate Governance Overview Statement, the Company is guided by Guidance Note 11 of ACE Market LR of Bursa Securities and the Corporate Governance Guide (3rd edition) issued by Bursa Securities. The Corporate Governance Overview Statement is supported with a Corporate Governance Report, based on a prescribed format as outlined in Rule 15.25(2) of the ACE Market LR so as to map the application of the Company’s corporate governance practices against the MCCG.

The Board is pleased to share the manner in which the three (3) Principles and Practices of the MCCG have been complied within the Company and subsidiaries (“the Group”) throughout the financial year ended 31 December 2020.

A summary of the Corporate Governance practices is prescribed as follows:

PRINCIPLE A – BOARD LEADERSHIP AND EFFECTIVENESS

1. Board Roles and Responsibilities

The Board is accountable and responsible for the performance and affairs of the Company by overseeing and appraising the Group’s strategies, policies and performance.

All Board members are expected to show good stewardship and act in a professional manner, as well as upholding the core values of integrity and enterprise with due regard to their fiduciary duties and responsibilities as set out in the Board Charter.

2. Separation of Positions of the Chairman and Managing Director/Chief Executive Officer

The Board Charter has established clear roles and responsibilities of the Board in discharging its fiduciary and leadership functions. The roles of the Chairman and Managing Director/Chief Executive Officer (“MD/CEO”) shall be distinct and separated to engender accountability and facilitate clear

division of responsibilities for ensuring there is a balance of power and authority in the Company. The segregation of roles also facilitates a healthy open, exchange of views between the Board and Management in their deliberation of the business, strategic aims and key activities of the Company.

The Chairman is responsible for the leadership, effectiveness, conduct and governance of the Board and encourages active and effective engagement, participation and contribution from all Directors and facilitates constructive relations between Board and management.

During the year under review, Dato' Larry Gan Nyap Liou @ Gan Nyap Liow is the Independent Non-Executive Chairman of the Board who provides strong leadership and is responsible for ensuring the adequacy and effectiveness of the Board's governance process.

As the Proposed Regularisation Plan is in progression and has yet to be finalised, it would not be justifiable to recruit a MD/CEO. In view thereof, the position of Chairman and MD/CEO to be held by different individuals would be addressed upon completion of the Proposed Regularisation Plan.

3. Company Secretary

The Board is supported by two (2) qualified and competent Company Secretaries. The Directors have ready and unrestricted access to the advice and services of the Company Secretaries to enable them to discharge their duties effectively. The Board is regularly updated and advised by the Company Secretaries who are qualified, experienced and knowledgeable on new statutory and regulatory requirements, and the resultant implications to the Company and the Directors in relation to their duties and responsibilities. In this respect, the Company Secretaries play an advisory role to the Board, particularly with regards to the Company's Constitution, Board policies and procedures and its compliance with regulatory requirements, corporate governance and legislations. The Company Secretaries, who oversee adherence with board policies and procedures, brief the Board on the proposed contents and timing of material announcements to be made to regulators. The Company Secretaries also keep the Directors and Principal Officers informed of the closed period for trading in the Company's shares.

The Company Secretaries ensure that deliberations at Board and Board Committee Meetings are well documented, and subsequently communicated to the relevant Management for appropriate actions.

4. Supply and Access to Information

The Board recognises that the decision-making process is highly dependent on the quality of information furnished.

In furtherance to this, every Director has access to all information within the Company through the following means:

- Management consultants, which has been outsourced from Catcha Group Pte Ltd, the major shareholder of the Company ("the Management Consultants"), assisted the Board in all relevant aspects i.e. preparation of board papers, financial aspects, unaudited results, overseeing the day to day operations of the Company and reported to the Board as and when necessary.
- The Board and Committee meetings papers were prepared and were issued to the Directors or Committee Members at least five (5) days before the Board and Committee meetings to enable the Board or Committee Members receive the information in a timely manner. Upon conclusion of the meetings, the minutes were circulated in a timely manner.
- The Audit and Risk Management Committee ("ARMC") Chairman meets with the Management

Consultants and the External Auditors regularly to review the reports regarding financial reporting and risk management.

- To facilitate robust Board discussions, all Board meetings were furnished with proper agenda with due notice issued and board papers and reports. These papers and reports provide updates on financial, operational, legal and circulated prior to the meetings to all Directors with sufficient time for review for effective discussions and decision making during the meetings.

5. Board Charter

The Board has adopted a Board Charter which clearly sets out the roles, functions, composition, operation and processes of the Board, having regard to the principles of good corporate governance and requirements of ACE Market LR of Bursa Securities.

The Board Charter further defines the matters that are reserved for the Board and its committees as well as the roles and responsibilities of the Chairman and the MD/CEO. Key matters reserved for the Board are as set out in the Board Charter.

The Board Charter is periodically reviewed as well as updated in accordance with the needs of the Company and any new regulations on MCCG, ACE Market LR and Companies Act, 2016 that may have an impact on the discharge of the Board's responsibilities. This is to ensure the Board Charter always stay relevant with the Board's objectives, current law, regulations and practices.

6. Code of Conduct and Code of Ethics

The Board has also put in place a Code of Conduct ("COC") and Code of Ethics ("COE") (including specific guidance for handling issues like conflicts of interest, insider trading, bribery and corruption and anti-money laundering) to foster an ethical culture throughout the Company and allow legitimate ethical concerns to be raised in confidence without the risk of reprisal. The COC and COE are reviewed periodically by the Board.

7. Policies and Procedures for Whistle Blower

The Company has established the Policies and Procedures for Whistle Blower which shall, where applicable in future, serve as a guide to employees on how to raise genuine concerns relating to possible improprieties on matters pertaining to financial reporting, compliance and other malpractices at the earliest opportunity and in an appropriate way.

The Company's Policies and Procedures for Whistle Blower fosters an environment in which integrity and ethical behaviour are maintained through protocols which allow for the exposure of any violations or improper conduct or wrongdoing within the Company.

8. T.R.U.S.T Concept

- Adequate Procedures to Curb and Prevent Bribery and Corruption

The Board has adopted a T.R.U.S.T Concept which form the ethos and philosophy of the top management in respect of the Group's fight against bribery and corruption in all its business dealings, transactions and such other related activities. The T.R.U.S.T Concept was formulated to set out the guidelines on adequate procedures to curb and prevent bribery and corruption and the procedures are guided by the following five principles:-

Principle I : Top Level Commitment;

Principle II : Risk Management Assessment;
Principle III : Undertake Control Measures;
Principle IV : Systematic Review, Monitoring and Enforcement; and
Principle V : Training and Communication.

(Collectively known as T.R.U.S.T Concept)

The establishment of this T.R.U.S.T Concept demonstrates the Group's zero-tolerance approach against all forms of bribery and corruption in its daily operations and the Group takes a strong stance against such acts. The Group will take all reasonable and appropriate measures to ensure that all its directors and employees are committed to act professionally and with integrity in all their business dealings and not participate in any corrupt activities for its advantage or benefit.

9. Sustainability

The Board is committed to understanding and implementing sustainable practices whilst attempting to achieve the right balance between the needs of the wider community, the requirements of shareholders and stakeholders and economic success.

The Company has established a Sustainability Policy which aims to integrate the principles of sustainability into the Company's strategies, policies and procedures as well as practices. Management Consultants would be entrusted in implementing this process with the directions and guidance from the Board. Sustainability efforts would be reviewed and the Board and Management Consultants would be committed to create a culture of awareness on sustainability within the Group.

Details of the Company's sustainability activities in year 2020 are disclosed in this Annual Report.

10. Board Composition

During the financial year under review, the Board has six (6) Directors, comprising the Chairman (Independent Non-Executive), three (3) Independent Non-Executive Directors and two (2) Non-Independent Non-Executive Directors. The Company has fulfilled the requirements of Rule 15.02(1) of the ACE Market LR of Bursa Securities which stipulates that at least two (2) Directors or one third (1/3) of the Board, whichever is higher, are Independent Directors. The Company also met the requirements of MCCG to have at least half of the Board comprises of Independent Directors to allow more effective oversight of management.

With the current composition, the Board believes that its members have the necessary knowledge, experience, requisite range of skills and competence to enable them to discharge their duties and responsibilities effectively, objectively and independently as follows:-

- i) The Board believes the current composition of directors is sufficient as they contributed to the Board's deliberations objectively and independently;
- ii) There were robust deliberations during Board and Committee meetings as they did not shy away from enquiries or requesting for additional information, when necessary;
- iii) All directors on Board have gained extensive experience with their many years of experience on boards of other companies and/or also as professionals in their respective fields of expertise.

The Board is satisfied and concluded that the composition of Directors provides the appropriate background,

experience, skills, knowledge, balance and size in the Board to lead the Company and to promote all shareholders' interests and to govern the Company effectively. It also fairly represents the ownership structure of the Company, with appropriate representations of minority interests through the Independent Non-Executive Directors.

Nevertheless, the Board through the Nomination Committee ("NC"), reviews the composition of the Board, continues to select suitable candidate(s), core competencies of Directors and would look into consideration of gender diversity, when necessary.

The Board is mindful on the importance of independence and objectivity in its decision making process which is in line with MCGG. During the financial year under review, the Board assessed the independence of its Independent Non-Executive Directors and found them to be independent and objective during Board's deliberations.

The Board is aware of the recommended tenure of an Independent Director who should not exceed a cumulative term of nine (9) years as recommended by MCGG and that an Independent Director may continue to serve the Board if the Independent Director is re-designated as a Non-Independent Non-Executive Director upon completion of nine (9) years tenure. Furthermore, the Board must justify the decision and seek shareholders' approval at general meeting if the Board intends to retain the Director as Independent after the respective Independent Director has served a cumulative term of nine (9) years. However, if the Board intends to retain an independent director beyond 9 years to 12 years, it should provide justification and seek annual shareholders' approval. If the Board continues to retain the independent director after the twelfth (12th) year, the Board should seek annual shareholders' approval through a two-tier voting process as prescribed under MCGG.

At the Board of Directors' Meeting held on 23 February 2021, the Board approved and recommended that shareholders' approval would be sought at this forthcoming Eleventh Annual General Meeting ("Eleventh AGM") for the retention of the Chairman, Dato' Larry Gan and Mr Mah to continue to act as Independent Directors who are serving beyond nine (9) years but have yet to reach beyond the twelfth year limit based on the following justifications:-

- a. They fulfilled the criteria under the definition on Independent Director as stated in the ACE LR of Bursa Securities, and therefore are able to bring independent and objective judgment to the Board.
- b. They have contributed sufficient time and effort and attended the Committee meetings and Board meetings.
- c. The length of their service on the Board does not in any way interfere with their exercise of independent judgement and ability to act in the best interests of the Company.
- d. As they have been with the Company prior to the listing of the Company, they therefore understand the Company's business operations which enable them to participate actively and contribute during deliberations or discussions at Committee meetings and Board meetings without compromising their independence and objective judgement.

The profile of each Director is set out on pages 6 to 8 of this Annual Report.

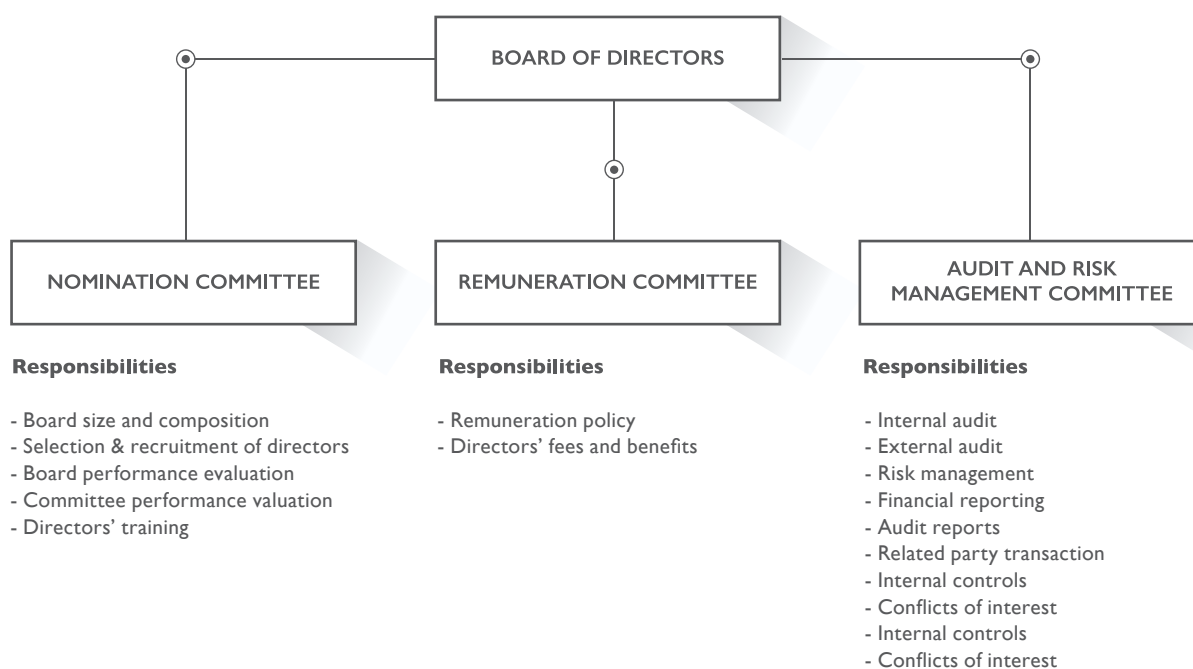

II. Board Committees and Delegation

During the year under review, the Board outsourced the management of the Group to the Management

Consultants. However, the Board remains ultimately responsible for corporate governance and the affairs of the Company. While at all times the Board retains full responsibility for guiding and monitoring the Company, in discharging its responsibilities, the Board has established the following Board Committees to perform certain of its functions and to provide the respective Committees with recommendations and advice:

- Nomination Committee;
- Remuneration Committee; and
- Audit and Risk Management Committee.

At present, the Audit and Risk Management Committee (“ARMC”) receives quarterly reports from the outsourced management consultants. Prior to the Company’s classification as a Cash Company, the former Senior Management would review the findings and decision making by the Company in various areas of enterprise risk management towards achievement of the objectives set out above. The proceedings of the ARMC meetings and key information on risk management are reported to the Board on a quarterly basis for deliberation and feedback from the Board to the Senior Management. Further assurance is provided by the Internal Audit function which operates across the Group with emphasis on key operating functions within the Group. The Group has outsourced its Internal Audit function and moving forward, upon establishment of a new core business, the Internal Audit function is expected to oversee the formulation of robust control structure to address key business and operational risks.

OTHER KEY ELEMENTS OF INTERNAL CONTROLS

The other key elements of the Group's system of internal controls are described below:

- Board Committees are established by the Board to assist the Board in the execution of its responsibilities and to provide oversight on the effectiveness of the Group's operation. All strategic, business and investment plans are approved and monitored by the Board. The Board is supported in this effort by three (3) Board Committees, namely the ARMC, the Nomination Committee and the Remuneration Committee that provide focus and counsel. These Board Committees are governed by specific terms of references and are accountable to the Board. Further details of these Board Committees are set out in the Statement on Corporate Governance;
- There are regular Board meetings and Board papers are distributed to all Board members who are entitled to receive and access all necessary and relevant information. Decisions of the Board are only made after the required information is made available and deliberated on by the Board. The Board maintains complete and effective control over the strategies and direction of the Group;
- Quarterly financial statements and the Group performance are deliberated by the ARMC, which is subsequently presented to the Board for their review, consideration and approval before its release to Bursa Securities; and
- Financial and operational information are prepared monthly for the Board of Directors review. The Board is constantly updated on the financial position of the Group of which rectification/remedial measures can be taken promptly if necessary.

ASSURANCE AND LIMITATION

Prior to the disposal of the Group's core business, the Board received the assurance from the former General Manager and Financial Controller that the risk management and internal control system was operating adequately and effectively, in all material aspects, based on the existing risk management and internal control system of the Group. In this respect, the Board believe that the current management control, risk management framework and the review mechanism provide reasonable assurance on the effectiveness of the risk management framework and internal control system of the Group. However, due to the nature and limitations inherent in any risk management framework and internal control system, the Board is aware that a sound risk management framework and internal control system can only provide reasonable and not absolute assurance against any material misstatements or fraud or misappropriation of assets or loss occurrence. It should also be appreciated that the whole risk management framework and internal control system is designed to manage and control risks appropriately rather than a definitive system designed for the total avoidance of risks or for eliminating risk of failure.

The Board envisions to maintain a similar risk management and internal control system upon establishment of a new core business.

INTEGRITY AND ANTI-CORRUPTION

As part of the Group's ongoing commitment, the Group Anti-Corruption Policy had also been formalised to outline the Group's approach in combating bribery and corruption in order to guide the Group's employees and associated persons to act professionally, fairly and with integrity in all business dealings and relationships. The Group's stance in combating corruption is available via the Group Anti-Corruption Policy together with the Group's Codes of Conduct and Ethics, Sustainability Policy and other relevant policies and procedures.

CONCLUSION

The Board is of the opinion that the Group's risk management framework and internal control system are operating adequately and effectively to safeguard shareholders' investments and the Group's assets. However, the Board also recognises the fact that the Group's risk management framework and internal control system must continuously evolve to support the growth and dynamics of the Group as well as to meet the changing and challenging business environment. As such, the Board, in striving for continuous improvement, will put in place appropriate action plans, where necessary, to further enhance the Group's risk management frameworks and internal control system.

This Statement was made in accordance a resolution of the Board dated 30 March 2021.

SUSTAINABILITY STATEMENT

The Board of Directors ("Board") is required to disclose a Sustainability Statement in accordance with Rule 90 of Appendix 9C of the ACE Market Listing Requirements of Bursa Malaysia Securities Berhad ("Bursa Securities") beginning from the financial year ended 31 December 2018.

The Board is committed to understanding and implementing sustainable management of material economic, environmental and social risks and opportunities, and aims to provide a balanced, comparable and meaningful report.

The Board is mindful the Company's GN2 status will have varying extends of economic effects to its shareholders and maintains its vigor in active and continuous efforts to seek a resolution. Diversity within the Board is also a matter of consideration and having adopted a Diversity Policy, the Board considers to establish greater diversity in time to come as mentioned in prior pages of this Annual Report.

Being mindful of the Company's GN2 status, the Board is of the opinion that a better balanced, comparable and meaningful Sustainability Statement would be disclosed once the acquisition of core business is consolidated.

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF REV ASIA BERHAD (Incorporated in Malaysia)

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

Opinion

We have audited the financial statements of Rev Asia Berhad, which comprise the statements of financial position as at 31 December 2020 of the Group and of the Company, and the statements of profit or loss and other comprehensive income, statements of changes in equity and statements of cash flows of the Group and of the Company for the financial year then ended, and notes to the financial statements, including a summary of significant accounting policies, as set out on pages 49 to 68.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Group and of the Company as at 31 December 2020, and of their financial performance and their cash flows for the financial year then ended in accordance with Malaysian Financial Reporting Standards ("MFRSs"), International Financial Reporting Standards ("IFRSs") and the requirements of the Companies Act 2016 in Malaysia.

Basis for Opinion

We conducted our audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing ("ISAs"). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence and Other Ethical Responsibilities

We are independent of the Group and of the Company in accordance with the *By-Laws (on Professional Ethics, Conduct and Practice)* of the Malaysian Institute of Accountants ("By-Laws") and the International Ethics Standards Board for Accountants' *International Code of Ethics for Professional Accountants (including International Independence Standards)* ("IESBA Code"), and we have fulfilled our other ethical responsibilities in accordance with the *By-Laws* and the IESBA Code.

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF REV ASIA BERHAD (continued) (Incorporated in Malaysia)

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the Group and of the Company for the current year. We have determined that there are no key audit matters to communicate in our report.

Information Other than the Financial Statements and Auditors' Report Thereon

The Directors of the Company are responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements of the Group and of the Company and our auditors' report thereon.

Our opinion on the financial statements of the Group and of the Company does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements of the Group and of the Company, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements of the Group and of the Company or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Directors for the Financial Statements

The Directors of the Company are responsible for the preparation of financial statements of the Group and of the Company that give a true and fair view in accordance with MFRSs, IFRSs, and the requirements of the Companies Act 2016 in Malaysia. The Directors are also responsible for such internal control as the Directors determine is necessary to enable the preparation of financial statements of the Group and of the Company that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements of the Group and of the Company, the Directors are responsible for assessing the ability of the Group and of the Company to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Group or the Company or to cease operations, or have no realistic alternative but to do so.

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF REV ASIA BERHAD (continued) (Incorporated in Malaysia)

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements of the Group and of the Company as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with approved standards on auditing in Malaysia and ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with approved standards on auditing in Malaysia and ISAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- (a) Identify and assess the risks of material misstatement of the financial statements of the Group and of the Company, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- (b) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of internal control of the Group and of the Company.
- (c) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Directors.
- (d) Conclude on the appropriateness of the Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group or of the Company to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements of the Group and of the Company or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group or the Company to cease to continue as a going concern.
- (e) Evaluate the overall presentation, structure and content of the financial statements of the Group and of the Company, including the disclosures, and whether the financial statements of the Group and of the Company represent the underlying transactions and events in a manner that achieves fair presentation.
- (f) Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the financial statements of the Group. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF REV ASIA BERHAD (continued) (Incorporated in Malaysia)

Auditors' Responsibilities for the Audit of the Financial Statements (continued)

We communicate with the Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with the Directors, we determine those matters that were of most significance in the audit of the financial statements of the Group and of the Company for the current year and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

This report is made solely to the members of the Company, as a body, in accordance with Section 266 of the Companies Act 2016 in Malaysia and for no other purpose. We do not assume responsibility to any other person for the content of this report.

The financial statements of the Group and of the Company have been prepared in accordance with Malaysian Financial Reporting Standards (“MFRSs”), International Financial Reporting Standards (“IFRSs”) and the provisions of the Companies Act 2016 in Malaysia.

The accounting policies adopted are consistent with those of the previous financial year except for the effects of adoption of new MFRSs during the financial year. The new MFRSs and amendments to MFRSs adopted during the financial year are set out in Note 19.1 to the financial statements.

The financial statements of the Group and of the Company have been prepared under the historical cost convention except as otherwise stated in the financial statements and on the basis of accounting principles applicable to a going concern.

On 30 July 2018, the Group had entered into a Memorandum of Understanding (“MOU”) with Catcha Group Pte Ltd. (“Catcha”) in respect of the proposed acquisition of a majority interest in a foreign owned group of companies with foreign based operations. Subsequently on 27 June 2019, the Group and Catcha had mutually agreed not to extend the MOU and hence the MOU was considered lapsed on 27 June 2019.

3. BASIS OF PREPARATION (continued)

On 12 July 2019, the Group had entered into a non-binding term sheet with the vendors in relation to the proposed acquisition of 1,080,000 ordinary shares in Orissa Wicomm (M) Sdn. Bhd. (“Orissa Wicomm”) representing 60% equity interest for a total purchase consideration of up to RM12,400,000.

A listed issuer will not be classified as a PN17/GN3 listed issuer during this period and is allowed to reassess its financial condition at the end of the relief period before making the requisite announcements.

The Directors are currently evaluating various options to formulate the Regularisation Plan as disclosed in Note 17(b) to the financial statements to address the Company’s GN2 status by looking into identifying potential future business expansion opportunities. In view of the Directors’ intention and financial ability to pursue new business opportunities, the Directors are of the opinion that the preparation of the financial statements of the Group and the Company on the going concern basis is appropriate.

A financial asset is 'credit impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit impaired includes the following observable data:

- (i) Significant financial difficulties of the debtor;
- (ii) A breach of contract such as a default or being more than 90 days past due;
- (iii) The restructuring of a loan or advance by the Group on terms that the Group would not consider otherwise;
- (iv) It is probable that the debtor will enter bankruptcy or other financial reorganisation; or

The probabilities of non-payment by other receivables and non-trade amount owing by a subsidiary are adjusted by forward looking information and multiplied by the amount of the expected loss arising from default to determine the twelve month or lifetime expected credit loss. The Group has identified gross domestic product, unemployment rate and inflation rate as the key macroeconomic factors.

NOTICE OF ANNUAL GENERAL MEETING

2. Explanatory Notes on the Special Business

Ordinary Resolution 5 on the Authority under Sections 75 and 76 of The Companies Act 2016 for the Directors to Allot and Issue Shares

The proposed Ordinary Resolution 5 is to seek the shareholders' approval on the renewal of the general mandate for the issuance of shares by the Company under Sections 75 and 76 of the Companies Act 2016. If the resolution is duly passed, it is primarily to give flexibility to the Directors to issue and allot shares at any time in their absolute discretion and for such purposes as they consider would be in the interest of the Company without convening a general meeting. This authority, unless revoked or varied at a general meeting, will expire at the conclusion of the next AGM of the Company.

- a. He fulfilled the criteria under the definition on Independent Director as stated in the Ace Market Listing Requirements of Bursa Malaysia Securities Berhad, and therefore is able to bring independent and objective judgment to the Board.
- b. He has contributed sufficient time and effort and attended the Committee meetings and Board meetings.
- c. The length of his service on the Board does not in any way interfere with his exercise of independent judgement and ability to act in the best interests of the Company.
- d. As he has been with the Company even prior to the listing of the Company, he therefore understands the Company's business operations which enable him to participate actively and contribute during deliberations or discussions at Committee meetings and Board meetings without compromising his independence and objective judgement.
